

# Unlocking the **Pathway** to Clean Energy Project Funding

We **focus** on funding the unserved decentralised **mid-cap** clean energy project sector

Our **Customers** have demonstrated an **unprecedented** willingness to allocate

# Our Thesis Parameters

## Project Size

Any initial approach to Diligised should have an estimated **Total Project Size** of between € 10 million and € 100 million.

**Move to the Next**

## Clean Energy Technologies

Diligised will **ONLY** consider Solar, Hydrogen or Biomass projects.

*Any sub-categorisation of 'Biomass' classification is **most definitely** included.*

**Move to the Next**

## Project Domicile

Diligised can **ONLY** consider projects in **Europe** (plus UK), North America, Australia/NZ.

*We are actively working towards opening participation in certain countries in **East Africa, South America and SE Asia** - we are building **co-operation** in these locations.*
